Brand Fungicides

Navicon[®] Intrinsic[®] brand fungicide

A powerful, dual action fungicide with the DMI that redefines turf safety

Navicon Intrinsic brand fungicide is a highly advanced formulation that combines the plant health benefits of Intrinsic brand fungicides with a first-of-its-kind DMI chemistry to deliver broad-spectrum disease control on any turf, at any time of the year, that is unmatched by its competitors.

Controls Toughest Diseases	Advanced Turfgrass Safety	Unique DMI + Strobilurin Chemistry	Anchored with Intrinsic Brand Plant Health
 <p>Superior control of dollar spot, spring dead spot, anthracnose, fairy ring and summer patch</p>	 <p>Advanced turfgrass safety, on any turf, in any season - period</p>	 <p>The DMI like no other combined with proven strobilurin chemistry</p>	 <p>Delivering plant health you can count on from the roots up</p>

Navicon® Intrinsic® brand fungicide is a broad-spectrum demethylase inhibitor (DMI) and strobilurin (QoI) combination. Spray it on any turf at any temperature for effective control of the toughest diseases while providing strong plant health from the roots up.

Proven plant health meets groundbreaking fungicide technology

Navicon Intrinsic brand fungicide combines the power of Maxtima® fungicide with the proven plant health benefits of Insignia® Intrinsic brand fungicide. Together, these chemistries are designed for effective greens rotation.

- Controls up to 28 diseases
- Advanced turf safety proven by university trials
- Powerful greens rotation partner with Lexicon® Intrinsic brand fungicide
- Strong partner for greens or fairways
