Brand Fungicides

Aramax™ Intrinsic® brand fungicide

Formulated for maximum disease control

Aramax Intrinsic brand fungicide is a dual-active, broad-spectrum powerhouse formulated to protect your fairways from 26 of the toughest turf diseases, including snow mold, large patch, brown patch and dollar spot.

Dual-active Ingredients	Long-lasting Protection	Excellent Fairway Value	Powered for Plant Health
 <p>Broad-spectrum control of 26 diseases, including snow mold, large patch, brown patch and dollar spot</p>	 <p>Reliable disease protection for up to 28 days</p>	 <p>Stronger fairways built with the ultimate all-in-one rotation partner</p>	 <p>Proven plant health benefits for healthier turf, even under stressful conditions</p>

Protect turf quality with a fairway foundation of plant health

Intrinsic® brand fungicides set the gold standard for high-quality turf. As the first brand that officially achieved EPA-approval for its plant health benefits, these foundational products give you the power to control disease, help enhance growth efficiency, and grow more resilient turf from the roots up. Make Aramax® Intrinsic brand fungicide a foundation of your spray program to bring these key benefits to your fairways and see healthier playing surfaces all season long.

Push your program to the max

- Proven premix formulation delivers highly effective control of toughest fairway diseases
- Dual-active ingredients expand spectrum and combat resistance for maximum disease control
- Buildable protection against pink, gray and speckled snow mold under variable disease pressure or snow cover
- Anchor application provides reliable preventive control of patch diseases and long-lasting fairway protection
