

Upper Mid-Atlantic Regional Turf Spray Program

14-Day Tees and Fairways – Cool Season

With this geography-specific spray program, superintendents have a customized rotation management plan for disease control. Be sure and include these important rotations in your plan and have strong, resilient turf all year long.

- Intrinsic® brand fungicides provide a strong foundation of plant health benefits, including broad-spectrum disease control, stronger roots and higher stress tolerance.
- The new, turf-safe Maxtima® fungicide is a DMI that delivers long-lasting disease control of key diseases at any temperature for rotation flexibility and year-round confidence.
- The new, broad-spectrum DMI power of Navicon® Intrinsic® brand fungicide controls more than 20 major diseases while improving overall turf health from root to blade.

Upper Mid-Atlantic

New Jersey, Pennsylvania, West Virginia

A 14-day spray interval is needed in these areas where disease pressure is more severe and expectations are high. Dollar spot is the biggest issue on fairways and tees, then summer patch, take-all patch and brown patch. Watch for *Pythium*, which may occur if weather conditions are favorable.

14
day program

Timing	Product	Active Ingredient	Rate/1,000 sq. ft.	Key Diseases & Benefits
1 Apr 1	Chipco® 26GT®	Iprodione	4.0 fl oz	Pink snow mold, Dollar spot

Product timing is a suggestion only; optimize application for local weather and field conditions. Confirm active status of product registration in your state before using; not all products are registered in all states. Application Rate/1,000 sq. ft. is based on maximum label rate or range. Plant health claims are related to root strength, stress tolerance, resiliency and growth efficiency and are specific to those BASF products containing pyraclostrobin, as shown.

Always read and follow label directions.

Encartis is a trademark and Honor, Insignia, Intrinsic, Maxtima, Navicon and Xzemplar are registered trademarks of BASF. 26GT, Banol and Chipco are registered trademarks of Bayer. Daconil and Secure are registered trademarks of Syngenta Professional Products.
